FOR AN EROSION AND SEDIMENT CONTROL PERMIT**

Applicability: This form may be used by those permittees or co-permittees who are presently covered under an Individual NPDES permit for discharges of stormwater associated with construction activities, the Pennsylvania General NPDES permit for discharges of stormwater associated with construction or an Erosion and Sediment Permit that was submitted before November 19, 2010.

Who may file a Notice of Termination (NOT) form:

Permittees or Co-permittees who are presently covered under an Individual NPDES Permit, the Pennsylvania General NPDES Permit for discharges of stormwater associated with construction activities or an Erosion and Sediment Control Permit may submit an NOT form when: (1) they are no longer the owner or operator of the construction activity at a site which has not been stabilized, or (2) any earth disturbance activity or discharges associated with construction activity at the site have been terminated and the site has been stabilized. For construction activities, elimination of all stormwater discharges occurs when disturbed soils at the construction site have been stabilized and temporary erosion control BMP's have been removed. In addition, this form may be used to remove a co-permittee from their role under the previously described permit types. This applies to permits regardless of when they were issued or authorized.
