**Chapter 105 General Permit Applications**

***As of June 1, 2024, the District will no longer be accepting paper submissions for Chapter 105 General Permit Applications.***

The District, in accordance with the DEP's recording of data for Chapter 105 General Permits, will no longer be accepting paper applications beginning June 1, 2024. The District Executive may allow paper submission on a case-by-case basis for persons without access to a computer.

This change will reduce the amount of duplicated effort by the District in submitting required documentation to the DEP. The Greenport system has been in use for the last few years and currently has been providing adequate service to both the applicants and District. Instructions for using the Greenport system can be found in the public access portion of the DEP's Clean Water Academy.

No paper applications will be accepted after June 1, 2024.
